LEV HAARETZ PRESENTS

Golan Without Borders

Journeys into the heart of the Golan for private groups and Jewish organizations seeking to strengthen their connection with Israel and deepen their understanding of Zionism

The Golan.

Most groups pass through the Golan with only a brief stop at a lookout. We make it a destination in its own right: the Golan Trail, battle heritage sites and genuine encounters with the people who live here. We handle content, logistics and facilitation, so you receive a ready-made, high-impact program.

Golan Discovery

YOUNG ADULTS ON ISRAEL PROGRAMS

A Golan module within your existing Israel trip: hiking, meetings with young Golan residents, battle heritage and a resilience workshop. Participants leave with personal connections, an unforgettable group experience, and a deep understanding of the Golan's importance as Israel's northeastern border.

Golan Leadership

COMMUNITY LEADERS · MISSIONS

A complete leadership journey: leading through uncertainty, community resilience, and meetings with the Golan's founders and entrepreneurs. Participants leave with a personal action plan and direct ties to Golan initiatives.

Why us

- **We live it.** Our team members are IDF reserve combat officers who share first-hand stories of service and resilience.
- **We know the Golan.** We have fought to defend this region and its residents, and our deep connection to its land and people opens doors that a standard tour cannot.
- **We talk openly about Zionism.** We bring years of experience in leadership, informal education and mentoring Diaspora students and lone soldiers.
- **Boutique and personal.** We begin with your group's needs and design the program around them.

Designed to fit your existing program

A single Golan day · A 2–3 day journey · A custom seminar · Teen-to-teen encounters · Student leader return trips · Community missions

Safety first: we follow current security guidance, and every program includes an alternative route in the southern Golan and the Galilee.

Let's build your group's Golan journey

Start with a short call, and we will send you a tailored proposal for a pilot group.
